Reconciling: Navigating your Claims Statement

Department of Health

June 11, 2025

Purpose:

Provide a general overview of the claims reconciliation process and a step-by-step guide to reviewing your Medicare reconciliation statement.

Session outline:

- Quick overview– physician payment and claim submission process
- Reconciliation statements
- How to obtain your Reconciliation Statement
- Walkthrough of the sections in your statement
- Common error messages
- Resolving issues and managing canceled claims

Quick overview

Physician remuneration

Salaried (with/without other remuneration):

Practitioners whose main source of income is salaried but may receive fee-for-service for on-call services and services provided to out-of-province patients.

Type of billing: Shadow billing - non-fee-for-service health practitioners submit claims to New Brunswick Medicare for insured services provided to eligible residents. Claims are paid at zero

Fee for Service (FFS):

Income is generated from claims submitted for each insured service per the fee schedule.

Type of billing: FFS – claims for services are paid in accordance with the NB Schedule of fees for insured services provided to eligible residents.

Medicare Fee Schedule

In the NB Physician's Manual, you'll find a code that correlates for every service you provide, each with its own unit value.

Fees for service codes are unit based instead of per dollar. See Chapter 3, Section 1.5 in Physicians' Manual for Unit Values per Specialty.

Fee-for-service practitioners can calculate dollar amount for codes by multiplying the Units (indicated in the Manual beside the service code) by the dollar amount for their specialty based on the table.

Lists	Code	Units Gen	Units An
..B	368	46	7

Claims submission process

Claim preparation: gather all required information

Coding requirements: Select accurate service code and ICD10 diagnosis

Submit claims electronically: May vary depending on whether you use a billing component of your EMR or Medicare Claims Entry (MCE)

Deadline for claims submission: 92-days from date of service

Reconciliation Process: Ensuring Accurate Payment

- Review Reconciliation Statements regularly.
- Keep track of submitted claims and compare against your paid claims.
- Identify discrepancies – look for unpaid claims, cancelled claims, or reduced claims.
- Investigate and take action to resolve issues - correct and resubmit as needed, and/or contact PELs to request adjustments.
- Monitor future statements to ensure resolution and all services have been paid.

Why Reconciling Matters

```
graph TD; A((Why Reconciling Matters)) --- B((Ensure billing is being done correctly and on time)); A --- C((To track Benchmarks and Statistics)); A --- D((Catch any errors in time to fix)); A --- E((Ensure payments are correct and accurate));
```

Ensure billing is being done correctly and on time

To track Benchmarks and Statistics

Catch any errors in time to fix

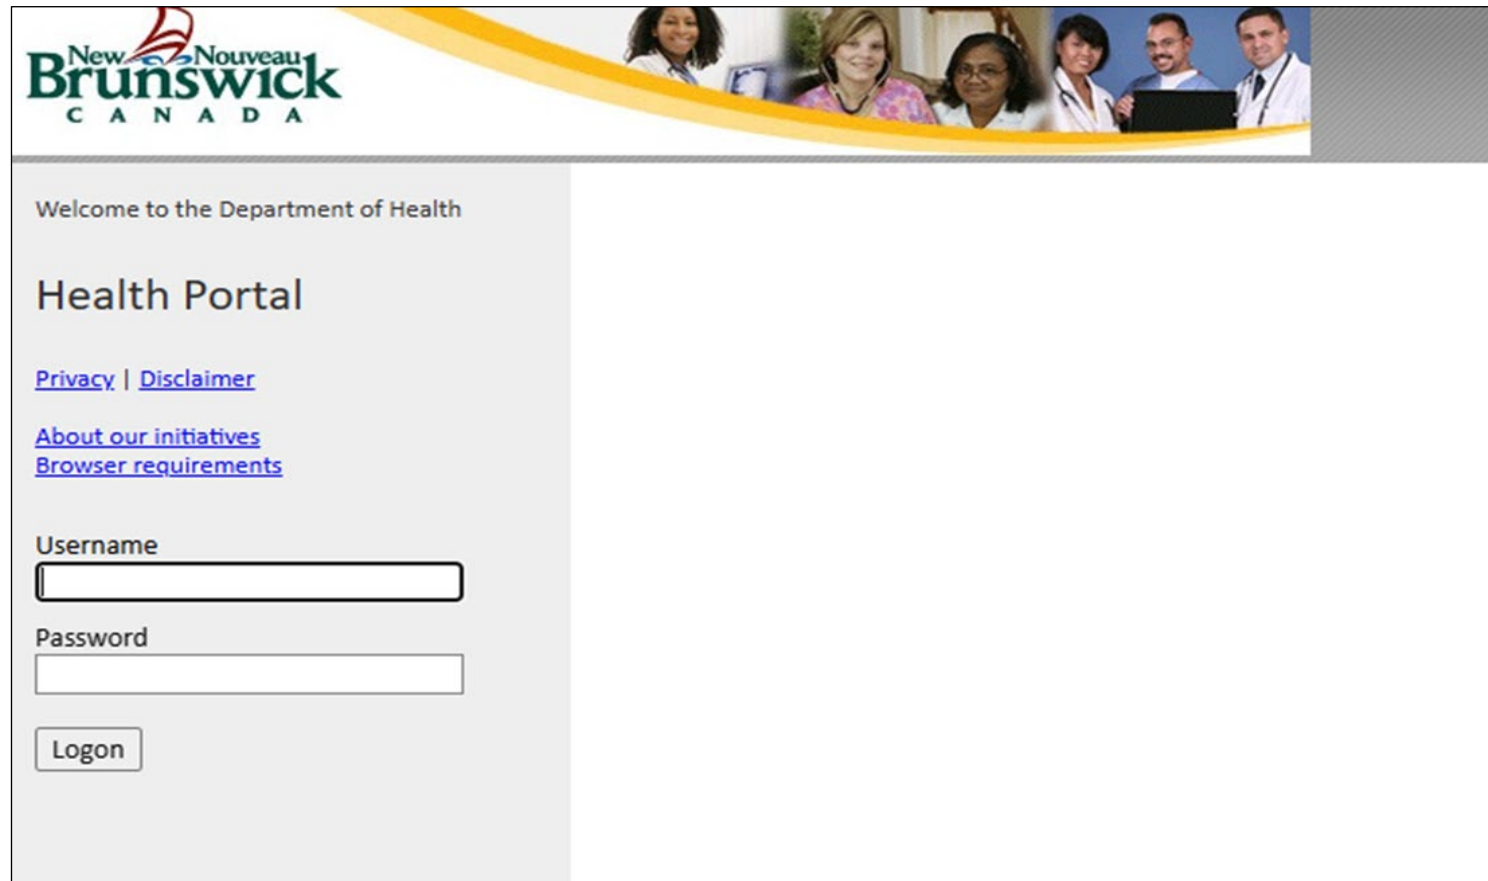

Ensure payments are correct and accurate

What is a Reconciliation Statement?

- A payment summary report provided by Medicare that outlines a practitioner's processed claims for a given payment period.
- These reports provide insight on:
 - the status of your claims
 - the reasons for adjustments or non-payment
 - the appropriate course of action to resolve affected claims.

Patient's Name/ Nom du patient	Medicare Number/ N° d'Assurance-maladie	Date of Birth/ Date de naissance	Claim # (11 Digits)/ de facture (11 chiffres)	Service Date/ Date du service	Remarks/Remarques

Please note that: Resubmissions under a "different Medicare Number" must be submitted electronically. If the date of service is greater than 92 days, please submit the claim electronically and then complete the Practitioner enquiry form making reference to the previous claim number in the remarks section. This will override the 92 days rule. Failure to follow this process will result in zero payment of your claim.

Veillez noter : La présentation d'une nouvelle demande sous « un numéro d'assurance maladie différent » doit être faite électroniquement. Si la date de service remonte à plus de 92 jours, il faut soumettre la facture électroniquement, remplir le formulaire de demande de renseignement du praticien et nous fournir le numéro de la facture précédente dans la section des remarques. Ceci dépassera la règle de 92 jours. Le manque de suivre ce processus aura comme conséquence un paiement de zéro de votre réclamation.

Tips to prevent Claims Rejections and Delays

- ✓ Verify patient information: confirm Medicare coverage at each visit
- ✓ Submit claims electronically: use Medicare Claims Entry (MCE) or third-party billing software (component of EMR).
- ✓ Ensure timely submissions: 92 days from Date of service
- ✓ Choose accurate billing codes and ICD10 diagnosis codes
- ✓ Review your Reconciliation Statement regularly
- ✓ Identify discrepancies, follow up on unpaid claims and resolve any issues promptly
- ✓ Manage cancelled claims – make necessary corrections and resubmit promptly
- ✓ Arrange training for billing staff:
 - Medicare PL provides billing training and code review, MCE training,
 - Contact EMR provider/third party to request training
